MEMORANDUM

TO: Benjamin DeCosta, General Manager
Department of Aviation

FROM: Felicia Strong-Whitaker *FSW*

RE: Sole Source Designation

I am in receipt of your request for sole source designation for John Boatright to act as the Project Officer for the Hartsfield Development Program (HDP), in which Mr. Boatright would be dedicated solely to management of the Capital Management Program. Mr. Boatright is imminently qualified to provide these services based upon his background and experience both in the airline industry and airport matters, including construction management, coordination of consultants, strategic planning and procurement. The \$5.4 billion expansion and redevelopment plan is imperative to the future growth of the Airport.

After conducting a good faith review of the available resources, I have determined that your request meets the provisions of §2-1191, Sole Source Procurement, and that Mr. John Boatright possesses the experience, history and knowledge of the airport and airline industry required to provide the Project Officer services needed at this critical time.

If you have any questions please give me a call at (404) 330-6988.

MEMORANDUM

TO: Felicia Strong-Whitaker
Purchasing Agent

FROM: Ben R. DeCosta 
Aviation General Manager

DATE: November 18, 2002

SUBJECT: Request for Sole Source Designation

The purpose of this memorandum is to request a sole source designation pursuant to City Code Section 2-1191 for the hiring of a Project Officer for the Hartsfield Development Program (HDP). As you are aware, the City of Atlanta's Hartsfield International Airport has embarked on its \$5.4 billion expansion and redevelopment plan. As the General Manager, in addition to the City current staff, I have attempted to engage the services of the best consulting firms to aid in the management, design, development and implementation of the Airport Capital Expansion Program. We have engaged the services of the Program Management Team, Planning and Design Team, Construction Management Teams and several on-Call A&E teams to ensure the success of the program. I, in conjunction with the Mayor and her staff, have now determined that there is a need to have someone dedicated solely to the management of the Capital Management Program. To that end, I have made a determination that it would be in the City's best interest to employ the services of John Boatright to fill this position.

I have determined that Mr. Boatright is the only person who is imminently qualified to fill this position based upon his background and experience in airline and airport matters, including, but not limited to construction management, management of employees and consultants, strategic planning and procurement. ~~Mr. Boatright was employed by Delta Airlines from 1972 to November 2002.~~ I believe that Mr. Boatright is uniquely qualified, as his positions with Delta have afforded him the opportunity to view construction projects from both an owner, as well as, from an Airport's perspective. During his thirty years with Delta Airlines, he managed the design and construction of Delta's facilities worldwide, worked to develop best practices in procurement expenditures, and aided in the development of several airport Master Plans, including Hartsfield, Logan and the Port

Authority of NY/NJ. Moreover, he has an in depth understanding of what it takes to ensure that projects are completed on time and within the allotted budget. He has also served as the Chairperson of the Airline Airport Affairs Committee.

Additionally, as you are aware, there are many contractors and consultants who specialize in airport construction, construction management and program management throughout the country. As a result of managing Delta's construction program, he has had working relationships with many of these contractors and/or consultants.

I have attached a copy of his resume for your review. Please let me know if you need any additional information in making your determination.

11.5. No Independent Obligation to Provide Legal Counsel: Other than legal counsel that may be provided by an insurer to Boatright pursuant to indemnification and defense responsibilities under any applicable OCIP insurance policy, the City will have no independent responsibility to provide to Boatright legal counsel with respect to this Agreement or the Services.

12. Indemnification; Limitation of Liability: Boatright must indemnify, defend and hold harmless the City, its officers, agents and employees, from and against all claims, suits, actions, judgments, demands, losses, costs, expenses, damages and liabilities caused by, resulting from, or arising out of, the intentional or negligent acts, errors, or omissions of Boatright in the performance of the Services under this Agreement. Boatright further agrees that his agreement to indemnify and hold harmless the City, its officers, agents and employees, will not be limited to the limits of any liability insurance required under this Agreement or maintained by Boatright concerning this Agreement. Notwithstanding anything to the contrary contained in this Agreement, Boatright's liability to the City under this Agreement will be limited to \$\$50,000—, cumulatively, exclusive of any insurance or bonding provided by Boatright or any other third party or entity (including Assignee)(including any deductibles) and any insurance and bonding (including deductibles) that the City may have protecting it from any event that may give rise to Boatright's liability to the City under this Agreement, regardless of the legal theory under which recovery or liability is asserted. The City will not be required to seek compensation from any insurance policy or bond (the City's, Boatright's or any other third party or entity [including Assignee]) or other source of remuneration prior to seeking recovery from Boatright. However, in no case will Boatright be required to indemnify the City and its officers, agents and employees to the extent any claims result from the City's own negligence or willful misconduct. Additionally, the failure of the City to follow recommended professional recommendations of Boatright or other HDP consultants relieves Boatright of all responsibilities for indemnification.

13.1. Prior Written Approval of the City Required: Boatright may not assign, subcontract, sell, transfer or otherwise dispose of any interest in, or Boatright's responsibilities and obligations under, this Agreement without the prior written approval of the City. Boatright may, however, without further written approval from the City, assign this Agreement to a corporation (the "Assignee") in which Boatright is the sole shareholder, officer and director in order to accomplish certain desired tax effects, subject, however, to the following limitations:

- 13.1.3. The assignment and assumption effectuated by the Assignment and Assumption Agreement does not relieve Boatright of his obligations, responsibilities and liabilities under this Agreement, in the event that the Assignee is in breach of the Assignment and Assumption Agreement and, consequently, in breach of its assigned and assumed obligations, responsibilities and liabilities under this Agreement;
- 13.1.4. That the Assignment and Assumption Agreement specifically require that the Assignee must retain the individual services of John Boatright to perform the Services under this Agreement on a sole source basis.

- 13.4. **Nonwaiver:** No failure or wavier or successive failures or waivers on the part of the City in the enforcement of any condition, covenant, or article of this Agreement will operate as a discharge of any such condition, covenant or article nor render the same invalid, nor impair the right of the City to enforce the same in the event of any subsequent breaches by Boatright, his permitted successors or assigns. The failure of the City at any time to insist upon strict performance of any provision of this Agreement, or to exercise any right or remedy under this Agreement or at law or in equity, will not impair any such right or remedy or be deemed a waiver or relinquishment thereof.
